A. DESKRIPSI MATA KULIAH

This course provides an introductory study on meaning in language, covering such topics as proposition, reference, universe of discourse, definiteness, ambiguity, sameness and oppositeness in meaning, hyponymy, entailment, homonymy, polysemy, derivation, participant role, and speech act. During the course, students are presented with cases pertinent to the topics and analyze them in prescribed ways. Most cases are taken from English. Their achievement in the course is assessed by means of a mid semester test and a final examination.

B. STANDARDISASI KOMPETENSI MATA KULIAH

Upon the completion of the course, the students are expected to be able to:

- 1) Understand and apply the concept and scope of semantics, and the linguistic and non-linguistic context in the analysis of sentences, utterances, and propositions,
- 2) Define ideas in relations to lexical structure, and
- 3) Recognize current issues in semantic field.

C. INDIKATOR PENCAPAIAN KOMPETENSI

- 1) Cognitive Aspect and Critical Thinking Skill
- 2) Psychomotoric Aspect
- 3) Affective Aspect, Social and Personal Skill
